CHEF SHEILA LUCERO

A native of Denver, Colorado, Chef Sheila Lucero owes her love of cooking to her father, an avid cook and food connoisseur. She fell in love with the wonderful and varied cuisines of South Florida while earning a degree in Biology and playing soccer at Florida International University and, bent on becoming a chef, she returned home to CO to enroll at the Colorado Art Institute. She then joined the outstanding opening crew of Jax Fish House in Denver and rose through the ranks to become Chef de Cuisine in 2002. Jax garnered widespread acclaim under her guidance, winning Best Seafood Restaurant in 5280 Magazine, Westword Magazine, City Search, and Rocky Mountain News. In 2009, she became the Executive Chef of Jax Fish House, and has since helped open additional and equally awesome Jax locations in Fort Collins, Glendale, and Kansas City.

Guided by a concern for the health of our oceans and the state of our global fish stocks, Sheila has spearheaded a sustainability program at Jax to ensure that the seafood we serve is not only good for our guests, but also for the world we live in. Seafood is delicious, and we want it to last forever!

Under her guidance, Jax has partnered with the Monterey Bay Aquarium's Seafood Watch, The Blue Ocean Institute, Fish Choice, and the James Beard Foundation's Smart Catch among other sustainable seafood certification organizations to share important news in the ever changing world within our oceans. Due to her efforts, Jax Fish House is proud to be the first restaurant in Colorado to be certified by the Monterey Bay Seafood Watch. Sheila also serves on their Blue Ribbon Task Force, working with other chefs from around the country to learn and share the very latest information on the state of our global fish stocks as well as the most progressive use of seafood in our restaurants. In June 2017, she was invited to Washington D.C. to meet with members of Congress and lobby for several key environmental policies that are up for renewal. She also participated in the James Beard Foundation's 2017 Chefs Boot Camp for Policy and Change in Burlington, VT.

Ever mindful of the fact that, though we make our living by what we get, we make our lives by what we give, Sheila has also donated her time and talents to numerous charity events such as The National Kidney Foundation Great Chefs of the West, The American Liver Foundation, Chefs Up Front (Share Our Strength), Do at the Zoo, and Project Angel Heart.

CHEF AMY STACY

For Amy, a restaurant is like a big family—everyone takes care of each other, and no one gets left behind. Born and raised in Missoula, MT, she earned degrees in the Culinary Arts and Food Service Management at the University of Montana before moving to Fort Collins in 2015. The day after she arrived, she joined the Jax family and has been here ever since—rising through the ranks from Pantry Line Cook to Sous Chef to Chef de Cuisine. She loves the close relationships that Jax maintains with local farmers, and looks forward to building out the seasonal menus that reflect their daily harvest.

When she's not cooking up a storm at Jax, you'll find Amy hiking and fishing in the great outdoors with her husband and their dog, sipping on some local craft beer, playing cribbage or rummy, or perfecting her tailgating game during football season.

OUR PURVEYORS

We strive to source the highest quality products from local purveyors, farmers and ranchers.

As always, we'd like to extend a special thanks to our friends and partners, Paul, Scott and Blair at Northeast Seafood. They've provided us with daily deliveries of the freshest and finest the sea has to offer since 1989.

FEATURED PURVEYORS

Northeast Seafood & Paul Packer
Native Hill
Garden Sweet
Quatrix Aquaponics
Hazel Dell
Jodar Farms
Westbridge
Copoco Honey
Niman Ranch

JAX FISH HOUSE proudly supports fisheries and purveyors who are environmentally conscious and fish legally from sustainable waters. We compost our food waste. 100% of our energy is offset with wind power.

SOMETIMES A LITTLE MYSTERY IN LIFE CAN BE A GOOD THING... SOMETIMES.

And at other times, any amount of mystery is a terrible idea. Some things are just too important to leave to chance or fate. Our top three areas of required certainty would have to be brain surgery, rocket science, and oysters. And while all three are pretty awesome in their own right, our area of expertise is oysters. Top quality, fresh, delicious oysters.

The Emersum Oyster is exclusive to Jax Fish House and is the freshest oyster 'this side' of either coast. Rappahanock River Oysters (RRO) has been run by the Croxton family since its inception in 1899. Ryan and Travis Croxton sustainably grow and harvest every Emersum Oyster for us with the certainty that for every oyster that's grown, dozens of wild oysters are seeded in an improved Chesapeake Bay eco-system.

That kind of certainty means that we don't just know where the Emersum Oyster comes from, we know exactly where it lives. It means that we can point to an exact spot on a map where the Emersum was raised and know the quality of the water, the environmental influences, and the conditions that will produce this consistently rich and delicious oyster with a size, taste, texture and liquor that you can count on, each and every time.
